

Addendum

College of Education & Human Development Facilities & Administrative (Indirect) Costs, Salary Savings, and Course Buy-Outs

Created: October 19, 2017

Starting July, 2016, the four CEHD Department Heads agree to support the expanded R&D Office services by returning to the College 2/3 of the F&A (indirect costs) returns generated on external grants/contracts that is distributed to the Departments directly by the VP for Research Office. This amounts to 10% of the total F&A returns on any one grant/contract, with 5% of total F&A's remaining with the department.
