

New Look of Your Maestro Worklist

The Work List theme has been re-designed to provide a quick overview of work items (To-Do List). List contains three tabs: *Current Items*, *Completed Items*, and *Notifications*.

Current items include documents for approval, assigned tasks, required deliverables and disclosures

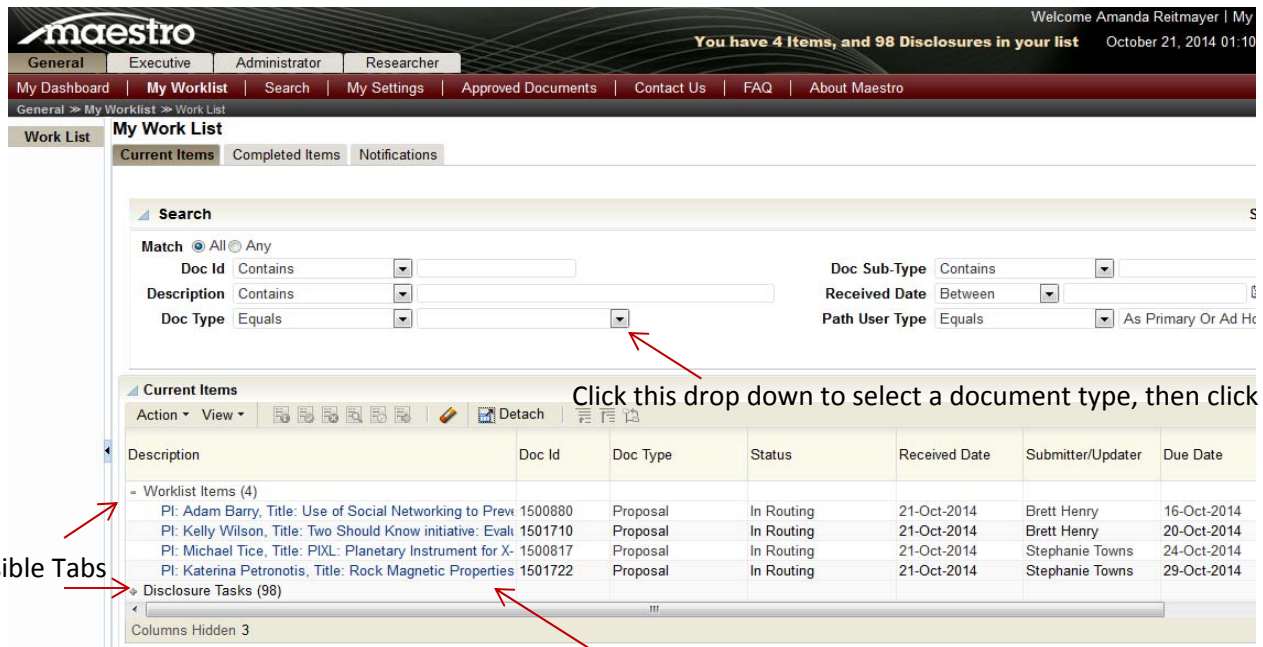

Completed items list all items and tasks approved by user last 6 months

Notifications list is the log of all emails Maestro system has generated for the user within last 6 months

Current Items

1. The worklist will now incorporate each type of item action needing your attention.
2. You may view the action in two different ways:
 - a. First the new worklist screen has collapsible tabs for each type of item needing your attention.
 - b. Second you may use the drop down option "Doc Type" to select what type of document you would like view.
3. You will now click on the proposal description blue hyperlink, not proposal #, to open the proposal.

Viewing and Approving a Proposal

Once a proposal is selected all of the proposal information is now located on one screen versus clicking through the left menu bar. Before approving all of the information should be viewed by scrolling down and clicking on any hyperlinks for the routing package and any additional documents. (Note: some information has to be removed from the screen shots below to allow for confidentiality of document)
